Financing Interest Rate for working capital Attica Business POS	Euribor 3M + margin 7.90%	(1), (2), (3)
Attica Business Support, attica Business Cash and attica Business POS loans are granted with a discount on the above floating interest rates (reduction of spread margin), as long as the loan is secured by a deposit pledge. The percentage of the discount on the floating interest rate (spread reduction) is valid until the maturity of the loan and depends on the amount of the legally pledged deposit in relation to the loan amount granted as follows:		
- If the pledged deposit amounts to 20% of the approved limit, the interest rate spread can be reduced by 1%.		
- If the pledged deposit amounts to 21% up to 50% of the approved limit, the interest rate spread can be reduced by 1.5%.		
- If the pledged deposit amounts to more than 51% of the approved limit, the interest rate spread can be reduced by 2%.

- (1) Borrowers are subject to the Contribution under Law 128/75 (currently 0.60%). Default interest rate of 2.50% (over the contractual rate applicable).
- (2) For reasons of identifying the total amount of the contractual interest rate, the EURIBOR value cannot drop below zero.. As long as the Euribor price is negative, it will be considered as zero.
- (3) Financing interest rates are paid on a quarterly basis. Calculation of interest rates is based on a 360-day conventional year.. Interest is charged upon receipt of the loan. The interest end date, in case of cash payment, is the next working day.
- (4) Base rates are subject to periodic revision according to market conditions and are valid upon their publication in the Press. For the accounts a quarterly "account statement" is issued.
- (5) The final interest rate is reduced by 50 basis points (b.p.) in relation to similar financing without the guarantee of the EIF and with a maximum interest rate of the amount of MLR, as in each case.

**SPECIAL CREDIT TERMS FOR BUSINESSES AND PROFESSIONALS (Bank of Greece Governor's Act 2501/31-10-02)**

These terms are subject to periodic review and may be specified, as the case may be, further to a special agreement.

(N) = Negotiable, based on the current Libor rate of the currency increased by up to 5 percentage points

- (1) The interest rates for Short-Term Financing and Loans to Businesses and Professionals are computed and paid on a quarterly basis, unless otherwise defined in the contract. Calculation of interest rates is based on a 360-day conventional year.. Default interest rate of 2.50% (over the contractual rate applicable). Borrowers are subject to the Contribution under Law 128/75, which is payable to the Bank of Greece (currently 0.60%). Interest is charged upon receipt of the loan. The interest end date, in case of cash payment, for joint credit accounts, is the next working day, and the payment date in case of the instalments of fully or partially amortized loans. Base rates are subject to periodic revision according to market conditions and are valid from their publication in the Press. For accounts connected to an open joint account agreement, a quarterly "account statement" is issued.
- (2) MLR is increased by up to 5.00 percentage points.
- (3) PRSL is increased by up to 5.00 percentage points.
- (4) MLR is increased by up to 4.00 percentage points.
- (5) BFR is increased by up to 4.00 percentage points.
- (6) BMAR is increased between 2.15 to 4.15 percentage points
- (7) Borrowers are subject to the Contribution under Law 128/75, which is payable to the Bank of Greece (currently 0.60%).
- (8) For reasons of identifying the total amount of the contractual interest rate, the EURIBOR value cannot drop below zero.. Financing interest is collected during the prepayment of the interest-free installments. Time basis for calculating interest rates, a 365-day year.
- (9) The Basic Factoring Rate concerns recourse Factoring products.
- (10) The interest rate is set at 60% of the loan amount since 40% of the loan amount that comes from the Entrepreneurship Fund II is interest free. Also, only 60% of the loan amount that comes from the Bank's funds is charged with the contribution of Law 128/75, as in force and is paid by the client over the total duration of the loan. For reasons of identifying the total amount of the contractual interest rate, the EURIBOR value cannot drop below zero. Interest is calculated and payable on an anniversary month, trimester or bi-annualy and loan payment is scheduled in monthly, trimester or bi-annual amortized installments. Calculation of interest rates is based on a 360-day conventional year. Default interest rate of 2.50% (over the contractual rate applicable). Base rates are subject to periodic revision according to market conditions and are valid upon their publication in the Press.
- (11) The Bank ensures that the guarantee benefit by the Guarantee Fund is passed on to the Business through the reduction of collateral requirements or/and the reduced interest rate. For purposes of determining the total contractual rate, EURIBOR rate must never be reduced below zero. For the accounts, a "copy of account movement" is issued per trimester.
- (12) The margin, due to the guarantee provided by the EIF, will be reduced on a corresponding financing of the borrower to the Bank at a rate of at least 50% of the risk margin component of the invoicing and in any case will not exceed 7.5%
- (13) The interest rate is set at 60% of the loan amount since 40% of the loan amount that comes from the Business Growth Fund is interest free. The interest of the loan is charged with the contribution of Law 128/75, as in force and is paid by the client over the total duration of the loan in all 3 Funds (Liquidity Co-Financing Loans, Green Co-Financing Loans, Digitalization Co-Financing Loans). Part of the interest applied to the Bank's capital is subsidized, fixed at 3% per year, for the first two (2) years (excluding companies in the "Liquidity Co-Financing Loans" Fund that have been already benefited by another HDB program). For reasons of identifying the total amount of the contractual interest rate, the EURIBOR value cannot drop below zero. Interest is calculated and payable on an anniversary month, trimester or bi-annualy and loan payment is scheduled in monthly, trimester or bi-annual amortized installments. For "Liquidity Co-Financing Loans" balloon/bullet payment is available up to 70% of the loan capital. Calculation of interest rates is based on a 360-day conventional year. Default interest rate of 2.50% (over the contractual rate applicable). Base rates are subject to periodic revision according to market conditions and are valid upon their publication in the Press.
- (14) The margin, due to the guarantee provided by the Guarantee Fund, will be reduced on a corresponding financing of the borrower to the Bank. The interest of the loan is charged with the contribution of Law 128/75 (for all financings such contribution is due) as in force and is paid by the client over the total duration of the loan. In any case EURIBOR takes a negative value, and for as long as it is valid, this value will be taken as zero.
- (15) The interest of the loan is charged with the contribution of Law 128/75, as in force and is paid by the client over the total duration of the loan.

#### Notes

- (1) The above rates refer to the annual nominal rates.
- (2) The repayment of home and consumer loans is effected with equal monthly amortized installments. A quarterly "account statement" is issued. The "Attica Ecoenergy" loan is paid in quarterly installments.
- (3) The **reference base rates** are subject to periodic review pursuant to market conditions, published in the Press and increased by the interest margin set by the Bank.
- (4) For reasons of identifying the total amount of the contractual interest rate, the EURIBOR value cannot drop below zero.
- (5) **Contribution under Law 128/75:** The above interest rates are increased by the amount of contribution under Law 128/75 amounting to 0.12% (0.60% for property excluding homes and for business premises loans). For "Attica Eco II" contribution under Law 128/75 is compounded only on the proportion of funds with which the Bank participates in the particular loan (66.67%), which is up to 0.08%. For "EXOIKONOMO 2021" contribution under Law 128/75 of 0.12% is compounded on the entire amount of the loan.
- (6) **Default:** In respect of capital, interest and charges, debt in arrears is subject to the highest default rate, as applicable currently 2.5 points over the contractual rate applicable plus charges under Law 128/75.
- (7) The home loan interest is compounded, calculated on a monthly basis with the respective rate for a 365-day year.
- (8) **Loan to Value Ratio (LTV):** Percentage of financing in relation to the estimated value of the property. If the loan is secured by a euro deposit pledge held in an interest-free savings account of the Bank throughout the term of the loan and at a rate of 110% of the loan amount, the LTV can be up to 100%.
- (9) "Attica ECO II" concerns a repair loan with the co-investment of "Home Saving II Fund" capitals, administrated by the "Hellenic Development Bank S.A." For "Attica ECO II" a 6.00% fixed rate is set at 66.67% of the loan amount that comes from the Bank's funds and a 0% rate is set at 33.33% of the loan amount that comes from "Home Saving II Fund", forming the average **rate of the loan contract at 4%**. For this program, **interests are 100% subsidized** during the whole length of the loan by "Home Saving II Fund", as long as the loan-taker has paid the capital installment (including the contribution under Law 128/75) and the conventional terms of the loan are met. In case the loan is paid in advance, the loan-taker is charged with the interests, which are returned to the deposit account the loan-taker keeps in the Bank, under the condition that, the "Hellenic Development Bank S.A." verifies that the energy target is accomplished, thus the loan-taker is entitled to the benefits provided (that is after the verification of the completion of all relevant tasks according to the "Home Saving II" Program).
- (10) "EXOIKONOMO 2021" concerns a repair loan coming entirely from the Bank's Funds." A 6.5% fixed rate is set at 100% of the loan amount. For this program, **interests are 100% subsidized** during the whole length of the loan, as long as the loan-taker does not show an overdue debt for more than 90 days and the conventional terms of the loan are met. In case the loan is paid in advance, the loan-taker is charged with the interests, which are returned to the deposit account the loan-taker keeps in the Bank, under the condition that, the "T.E.E." (Technical Chamber of Greece) verifies that the energy target is accomplished, thus the loan-taker is entitled to the benefits provided (that is after the verification of the completion of all relevant tasks according to the "EXOIKONOMO 2021" Program).

**Notes**

- (1) The above rates are annual nominal.
- (2) The repayment of consumer loans shall be made in equal monthly installments. A table of amortized installments is given at the time of granting. A quarterly "account copy" is issued.
- (3) The **basic reference rates** shall be subject to periodic review in accordance with market conditions, published in the press and shall be accrued by an interest rate margin set by the Bank depending on the type of loan. The above change is directly applicable to loans regardless of their repayment date.
- (4) For the purpose of determining the total contractual interest rate, the EURIBOR price may never fall below zero.
- (5) **Contribution Law 128/75:** The above interest rates are increased by the projected contribution of L. 128/75 (currently at 0.60%).
- (6) **Default rate:** The overdue debt, in terms of capital, interest and expenses, is charged at the applicable default interest rate, currently at 2.5 points higher than the current contractual interest rate, which includes the per case contribution of L. 128/75.
- (7) The interest on the consumer loan is calculated through the compound interest installment system with the applicable interest rate, based on a three hundred and sixty-five (365)-day year.
- (8) Energy efficiency improvements include the following: window replacement, installation/upgrade of thermal insulation, upgrade of heating/cooling system, domestic hot water system using renewable energy sources.
- (9) Eco cars are considered the following: an electric car, a hybrid car and a microcar of type L.
- (10) A car is considered conventional, when it uses gasoline or diesel to power an internal combustion engine

(\*) Net Annual Yield = The account's yield compounded biannually after deducting taxes.

(\*\*) Net Annual Yield = The account's yield compounded monthly after deducting taxes.

(N) = Negotiable, depending on the sum, the duration and the interest rates of the interbank market.

(1) Bank deposits, in any currency whatsoever, are covered by the Hellenic Deposit and Investment Guarantee Fund (HDIGF), up to the limits provided by the Law pursuant to Law 4370, GG 37 A, 07/03/2016 as in force.

(2) Interests on «Attica my account», Attica Payroll, Attica Pension, Attica Payroll/Pension ETAA, Attica Agro, Savings, Current and Checking Accounts in Euros are calculated every 6 months, of the products «Attica my account plus», "Attica Hypersavings with monthly yield of interest" and "Attica Hypersavings for the ETAA Insured and Employees" as described in term 6 below. For the other Deposits, as stipulated in the relevant agreement. Calculation of interest rates is based on a 360-day conventional year.. Value day of money deposit, for those which are effected in professional interest-bearing (checking) accounts shall be the working day following the transaction date, except in case the transaction date is agreed otherwise for all the other accounts. Value end date is the calendar day before the withdrawal day, unless otherwise agreed. The creation of a debit balance from overdraft is prohibited.. In case of a debit balance, debit interests are calculated a) with an interest rate based on the current SBBR + Contribution of Law 128/75 for Savings, Hypersavings, "Attica my account" and "Attica my account plus" and b) with an interest rate based on the current MLR + 2.50% + Contribution of Law 128/75 for Checking and Current accounts. The debit interest for Savings accounts, Attica Payroll, Attica Pension, Attica Payroll/Pension ETAA, Attica Agro and "Attica my account" are collected bi- annually, for current and checking accounts every quarter (in particular, on the 10th of the next month after compounding), for the products "Attica my account plus", "Attica Hypersavings with monthly yield of interest" and for "Attica Hypersavings for ETAA Insured and Employees", as described below in term 6.

- The interests of Deposits and Repos are subject to 15% tax.
  - The Bank does not set additional charges depending on the number of transactions.
  - Repos: The product is available following communication with the Reserves Management Section depending on availability of bonds and the interbank market condition.
  - Minimum initial deposit of € 1,500 for Current Tiered Interest-Bearing Account, € 5,000 for Increased Interest Rate Current accounts. The same applies for the corresponding accounts of the **former ETAA insured and employees**.
  - Obligation of keeping an average minimum six-monthly balance of at least € 5,000 for the Increased Interest Rate Current. The same applies for the corresponding accounts of **ETAA Insured and Employees**
  - For the Savings Bank, the movement of the account is monitored through a special Savings Bank book. For "Attica my account", "Attica my account plus", Attica Payroll, Attica Agro checking and current accounts a "bank statement" is issued every calendar quarter. For the accounts Attica Pension and Attica Payroll / Pension ETAA a savings booklet can be issued, if the client wishes so.
- (3) The interest rates of Deposits, Savings, Checking and Current accounts are subject to periodic review depending on the market conditions are valid starting from the date mentioned on their publication to the Press and are connected to the Bank's SBBR (Savings Bank Base Rate), as applicable.

(4) For additional information regarding the yield and characteristics of the special term deposit accounts and regarding the special accounts of **former ETAA Insured and Employees, PAYROLL, Attica Agro** and "**Attica my account**" please contact the Branch's staff.

(5) Early full payment (penalty) of Term Deposit

The early withdrawal of the Term Deposit is prohibited, unless the Bank gives its consent and approval.

- Term Deposits in Euros: In case the early full repayment is approved, the prematurely withdrawn sum will be charged with an interest equal to the Bank's current SBBR annually, without further collection of the prepayment for the time period between the commencement of the term deposit up until the day before early full payment.

- Term Deposits attica DOUBLE PROFIT, attica MY VALUE and attica PROGRESS 12 months: According to the terms of the respective product.

Minimum Deposit Amount: € 20,000 for attica DOUBLE PROFIT and €10,000 for attica MY VALUE and attica PROGRESS 12 months

For more information, please contact the Branch's staff.

Term deposit in Foreign Currency: a) Where the early partial or full repayment is approved by the Bank, in US Dollars (USD), Great Britain Pound (GBP), Japanese Yen (JPY) and Swiss Franc (CHF), the depositor is entitled to the accrued interest from the commencement of the term deposit up until the day before the early payment. A prepayment will be deducted from it, calculated with an annual interest rate equal to the balance of the agreed interest rate and the corresponding Libor in the London money market, on the day of notification of the early withdrawal incremented by 1.00% (Libor + 1.00%), on the prematurely yielded capital for the remaining term period (early withdrawal date up until the deposit's maturity). If the Libor interest rate +1.00% is smaller than the agreed interest rate, the depositor shall be entitled to the total of the accrued interest amount. If the remaining period does not coincide completely with the official Libor periods, then the closest period to the above shall apply.

b) In case the early partial or full repayment is approved by the Bank, in Swedish Crown (SEK), Australian Dollar (AUD) and Canadian Dollar (CAD), the depositor shall be entitled to the accrued interest from the beginning of the term deposit up until the day before the early payment. A prepayment will be deducted from it, calculated with an annual interest rate equal to the balance of the agreed interest rate and the corresponding current average rate in the Interbank Money Market (MID RATE) on the day of notification of the early withdrawal incremented by 1.00%, on the prematurely yielded capital for the remaining time period (early withdrawal date up until the deposit's maturity). If the MID RATE +1.00% is smaller than the agreed interest rate, the depositor shall be entitled to the total of the accrued interest.

For more information, please contact the Branch's staff

(6) The main characteristics of the product "Attica my account plus" are:

- Interest rate from the first euro on a scale basis for the parts of the average daily balance, under the premise that up to 3 withdrawals/debits are effected in the course of a calendar month.

- In case the number of withdrawals/debits exceeds three (3) in the course of a calendar month, then the account's interest rate for the said month shall be reduced to respective SBBR. The interest rate will be valid the following month, on a scale amount basis, as long as the aforementioned conditions apply.

- Withdrawals/debits are considered the total of possible entries, that is movements (withdrawals) at the Bank's counters, ATMs, automatic charges (e.g. creation of a term deposit, repayment of loan instalments, VISA etc), charges through Internet Banking etc. However, the following are exempted: debit interest entries, deposit interest tax deduction and repayment of standing orders (direct debits) for Companies / Corporations such as those referred to in the SPECIAL TERMS FOR DEBT PAYMENTS of these Special Terms for Bank Services for Transacting Parties (e.g. PPC, OTE, EYDAP, EYATH, etc.).

- Debit and credit interests are calculated every month.

- Minimum initial deposit amount €2,000, with the exception of the case of opening accounts to connect with a term deposit (e.g. attica DOUBLE PROFIT, attica MY VALUE, attica PROGRESS 12 months).

The main characteristics of the **ATTICA HYPERSAVINGS WITH MONTHLY YIELD OF INTEREST** product (the product ceased being available since 16/12/2019) are:

- Interest rate from the first euro and for the whole amount of the account, under the premise that up to 3 withdrawals/debits are effected in the course of a calendar month.

- In case the number of withdrawals/debits exceeds three (3) in the course of a calendar month, then the account's interest rate for the said month shall be reduced to respective SBBR. The interest rate will be valid the following month as long as aforementioned conditions apply.

- Withdrawals/debits are considered the total of possible entries, that is movements (withdrawals) at the Bank's counters, ATMs, automatic charges (e.g. creation of a term deposit, repayment of loan instalments, VISA etc), charges through Internet Banking etc. However, the following are exempted: debit interest entries, deposit interest tax deduction and repayment of standing orders (direct debits) for Companies / Corporations such as those referred to in the SPECIAL TERMS FOR DEBT PAYMENTS of these Special Terms for Bank Services for Transacting Parties (e.g. PPC, OTE, EYDAP, EYATH, etc.).

- The account's interest rate, which is calculated every month depending on the amount of charges, is applied to the daily Value balance on the whole amount of the deposit.

- Debit and credit interests are calculated every month.

The main characteristics of the **SAVINGS ATTICA HYPERSAVINGS ACCOUNT FOR ETAA INSURED AND EMPLOYEES** are:

- Interest rate from the first euro and for the whole amount of the account, under the premise that up to 3 withdrawals/debits are effected in the course of a calendar month.

- In case the number of withdrawals/debits exceeds three (3) in the course of a calendar month, then the account's interest rate for the said month shall be reduced to respective SBBR plus 0.05%. For the next month, the product interest shall apply, as long as the aforementioned conditions apply.
  - Withdrawals/debits are considered the total of possible entries, that is movements (withdrawals) at the Bank's counters, ATMs, automatic charges (e.g. creation of a term deposit, repayment of loan instalments, VISA etc), charges through Internet Banking etc. However, the following are exempted: debit interest entries, deposit interest tax deduction and repayment of standing orders (direct debits) for Companies / Corporations such as those referred to in the SPECIAL TERMS FOR DEBT PAYMENTS of these Special Terms for Bank Services for Transacting Parties (e.g. PPC, OTE, EYDAP, EYATH, etc.).
  - The account's interest rate, which is calculated every month depending on the amount of charges, is applied to the daily Value balance on the whole amount of the deposit.
  - Debit and credit interests are calculated every month.
  - Minimum initial deposit amount €2,000, with the exception of the case of opening accounts to connect with a term deposit, i.e. for interest transfer (e.g. attica DOUBLE PROFIT, attica MY VALUE, attica PROGRESS 12 months).
- (7) The Savings and Sight interest in foreign currency are calculated every six months. The time basis for the calculation of interest is a 360-day year (excluding the GBP, for which the interest calculation is based on a 365-day year). The creation of a debit balance from overdraft or other cause is prohibited. Interests on deposits are subject to a 15% tax. The interest rates on Savings and Sight deposit accounts are subject to periodic review depending on the market conditions and are valid starting from the date mentioned on their publication to the Press.

**Notes:**

1. For the above works the applicable VAT (currently 24%) is collected until 4/6/2023, from 5/6/2023 no VAT is collected.
2. The fee (€0.30) also applies to fixed customer account debit orders for SEPA Organizations outside Greece.

#### GENERAL OBSERVATIONS

1. When no currency is mentioned, the Euro applies.
2. The above services stated in the Price List are subject to restrictions that are provided for by the respective cash withdrawal and capital transfer framework.
3. The client is charged with actual post, telephone, fax fees or other real expenses (e.g. notary expenses, notice of protest, legal expenses, engineers, etc.).
4. Certain special categories of the aforementioned services, specialized services (merchandise saving, foreign currency cheque purchase etc.) as well as the exchange value on the relative acts, are not mentioned in this present leaflet. In these cases, clients are requested to contact the Branch's departments.
5. These above Terms are subject to periodic review and may be specified, as the case may be, further to a special agreement. Last Update: 29/12/2023
6. To file a complaint please contact any Attica Bank Branch. Alternatively, you may submit a written complaint to the Complaint Dpt via our website, using our online Complaint Form (<https://www.atticabank.gr/en/complaints-footer-en-2>)
